Summary

I am a dynamic web developer and graphic designer with a passion for blending innovation and aesthetics. With expertise in HTML, CSS, JavaScript, and a flair for design, I create captivating digital experiences. I thrive in collaborative settings, communicate effectively, and continuously embrace new technologies. My mission is to inspire and engage through cutting-edge web and graphic design

Experience

Freelance Web Developer
Freelance, self-employed
Feb 2021 - Present (2 years 8 months)
As a freelance web developer since 2021, I've navigated the dynamic landscape of digital solutions. My journey is marked by a commitment to delivering high-quality websites that combine form and function. With each project, I've honed my skills in coding and problem-solving, ensuring seamless user experiences. I thrive on the freedom of freelancing, enabling me to adapt swiftly to diverse client needs and embrace the latest industry trends. My track record is a testament to my dedication to crafting exceptional online solutions that exceed expectations.

Working with clients, designing, developing and delivering technical eCommerce solutions to meet a broad range of requirements including: new tools; processes; website updates and support; system optimisation; report creation; systems integration.

Developing with HTML, CSS and JavaScript/JQuery website code within a responsive framework to ensure that the SEO and UI/UX of the site is at the highest standards that they can be.
.

Education

University of East London
Bachelor's degree, English Literature (British and Commonwealth)
Analyzing theories, critiquing prose and verse, and taking a more critical look at the signs and words surrounding us every day, thinking creatively and analytically about the English language
